TO:

THE HEADMASTER.

RE: LOSS OF RIDLEY COLLEGE CADET CORPS SWORDS

Attached is a Xeroxed copy of a reply to my memo to Andy
on the above matter.

I will order three replace swords and charge them as a
School expense.

I. C. Wilson
Business Administrator.

A. C. Iggulden, Esq.,

RE: LOSS OF SWORDS

We have contacted the School's insurance agency on this matter, who have requested us to provide:

- (a) the full circumstances surrounding the loss.
- (b) Value of Swords.

There is a \$250.00 deductible on this policy.

① I doubt that the swords
would be worth \$250

② I would suggest a claim is
not in order. Jack

I. C. Wilson

MEMORANDUM

Distribution

All Officers (CIL)
162 RCCC

1. All Officers and civilian instructors are to report to the orderly room at 1820 hrs. Monday 16 Sept.
2. Officers and instructors will be briefed on duties and responsibilities at that time.

E.J. Rose, Major
For Commanding Officer

Cadets

July 2, 1975

Lieut.-General S. C. Waters, C.D.
Commander, Mobile Command
Canadian Forces Base
St. Hubert, Quebec

Dear General Waters,

It is a disgrace that I should not have written to you since your visit to Ridley in May. I intended to do so immediately; but I ran into a very hectic period and have not been able to get around to my more thoughtful correspondence since then.

It was extremely good of you to visit us, especially as you must have been extremely busy yourself at that time. We enjoyed your visit. We felt that we were thoroughly inspected; and a number of boys remarked on the excellence of your speech to us at the end of the ceremonies. Your half-holiday was greatly enjoyed by everybody! Just as the school term ended, we were informed that we had won the Independent Schools Cadet Trophy, which was a great pleasure to us.

More and more, we are convinced that the vitality of our Cadet Programme must depend upon the variety of experience that we can offer. For things like adventure training, the Niagara Peninsula is not a very good area. So I was particularly grateful for your suggestion that we might send some of our more promising people to experience Outward Bound training with the Army in the Rockies. The kind of boys whom I would recommend were all committed for this summer by the time I investigated the possibility. But we will certainly be encouraging them to incorporate this in their plans for the summer of 1976; and I think we can find three or four first-class students, who would then perhaps generate enthusiasm for a greater participation in these things.

- 2 -

I believe you will shortly be retiring.
On behalf of all of us at Ridley, may I wish you a very
happy retirement. Thank you once more for your visit,

Yours sincerely,

RAD:ss

PERSONAL

Lieut.-General S. C. Waters, C.D.
Commander, Mobile Command
Canadian Forces Base
St. Hubert, Quebec

Dear General Waters,

We are delighted that you have agreed to visit Ridley College, and we do appreciate your generosity in finding time to conduct our inspection.

Major Ross or I will be at the Niagara Airport to meet you. But I thought you might like a little prior information, both about the school and about the routine for that day. I am enclosing a copy of the Ridley College Prospectus and some other information relating to the school. We have had Cadets at Ridley for a great many years and the tradition has been a strong one. It has remained a compulsory activity at the school, though the nature of the training has changed a good deal in recent years. We have attempted to tie together the Cadet Training with the Duke of Edinburgh Award Scheme. Through the Cadet Training, boys are enabled to pursue the Bronze, Silver and Gold Awards in the Duke of Edinburgh Award Scheme. In many ways, the objectives of these two youth enterprises are remarkably similar. So our training is in self-reliance, community service and survival, as well as in certain basic military skills. We do not devote a great deal of our time to parade ground matters, and this may be apparent to you next week! But it has certainly been our intention to maintain this traditional activity.

The routine next Friday is as follows. The Ridley College Women's Guild have their annual luncheon on that day, and the Inspecting Officer is invited to attend this. Immediately after lunch, we go back to my house and

1870

1871

1872

1873

1874

wait to be informed that the parade is ready for you. We then have an inspection by you, followed by a ceremonial march, first in column and then in line, and then an advance in review order. After the ceremonial, there is a Lower School Drill Competition which is marked by the senior cadets. There are then various demonstrations of activities, followed by the announcing of awards and a short address from yourself. This is the end of the formal proceedings. I understand that we must be sure to get you back to your aircraft as early as possible. I hope all these arrangements are acceptable to you.

I should like to just mention Lt. Col. Iggulden. He has commanded our Cadets here for many years. He has served at the school as the Physical Education Instructor since the late 1940's. He served in the Canadian Armed Forces during the war and was a prisoner-of-war in the Far East. Col. Iggulden has been a magnificent servant of the school and of the cadet movement. He has will have to leave last September; and he is not now able to discharge his Physical Education responsibilities. But he has been able to train the cadet force for this parade. It may conceivably be his last parade, but we are not making a formality of this, since we have hopes that he may be able to continue in a retired capacity. Most of the organization is done now by Major Rose, who is the School Chaplain and served in the Canadian Air Force.

You may know that your friend, Sam Heenan, will not be here next week. This is for the good reason that he has just married and will be on his honeymoon! He asked me to say how very sorry he is not to be present; and I know that it is largely because of his long friendship with you that we have been able to persuade you to come to Ridley.

I hope this background information will be useful. We look forward very much to welcoming you here; and please let us know if there is any further information that we can give you.

With all good wishes,

Yours sincerely,

RAB:ss

Office of the Commandant
Cabinet du Commandant

Kingston, Ontario
K7L 2W3

25 February 1975

Dear Sam,

I am enclosing several copies of the RMC "Information for Applicants". I hope these may be useful to you in encouraging some of your young lads to apply for entrance to RMC. I am sure you know the kind and type we are looking for and your help in this matter will be very much appreciated. We are particularly looking for hockey and football players this year! but any young man who has the all-round qualifications should do well here.

Applicants should apply through a recruiting center. Applications will be accepted throughout March and if you would be kind enough to let me know the names of any young men who have applied, I will make a special point of looking for their application when we make our final selection here at RMC. If there is any further information you may require, I will be only too pleased to forward it or talk to you on the telephone.

I hope we shall have the opportunity of seeing you here in Kingston in the not too distant future.

With kindest regards and continued best wishes.

Sincerely,
Brie

Major I.C. Wilson,
Bursar,
Ridley College,
St. Catharines, Ont.

RHB:
for your info

(11/1/75)

Jan 26/75

If interested in summer employment, write to the address
~~address~~ given, and let Andy or I know of your intention.

Positions are also available (also paid) if you wish to take
a basic indoctrination course.

EJR

- h. In summary, the onus is upon the Unit CO to report all casualties promptly in accordance with CFAO 24-2 which has been paraphrased above. Further investigation of an incident may be necessary when the casualty is a cadet; all incidents involving CIL Officers and Civilian Instructors will be investigated by the Support Base.

SUMMER CAMP STAFF RECRUITING - IPPERWASH ARMY CADET CAMP (IACC)

2. a. The manning slate for IACC 75 requires approximately 95 CIL officers including the following:

<u>Employment</u>	<u>Rank</u>	<u>No. of Positions</u>
Company Commander	Major	4
Orienteering Cadre/Canoe Cadre/Watermanship/Sports	Captain	4 (1 for each)
Safety - Canoe Cadre/Watermanship	Captain	2 (1 for each)
Company 2IC	Captain	10
Sports Staff	Lt	3
Lifeguards	Lt	4
Swim Staff	Lt	2
Platoon Commanders	Lt	36

- b. In general, the period of employment will be 1 July to 18/20 August (48-50 days) during which time the following daily rates of pay are expected to apply:

Major \$44.50 Captain \$32.00 Lieutenant \$26.00

- c. The following guidelines will be used in selecting officers:

- (1) representation from all areas in all rank levels is highly desirable (e.g. Company Commander positions);
- (2) priority will be given to active CIL officers;
- (3) progression in employment/rank will be applied over a period of time to maintain the training flow;
- (4) applications for periods less than full camp, but not less than 2 weeks, will be considered and as yet to be determined number of positions will be made available to these applicants;
- (5) female officers will be required;
- (6) a limited number of Civilian Instructors may be considered;
- (7) officers from Sea and Air units may compete, if interested.

- d. Applications for employment at IACC 75 should be by the interested person and should be forwarded by letter or memorandum directly to:

Air Transport Command Detachment
Wolseley Barracks
London, Ont
N5Y 4T7

(In the case of specialty positions - e.g. lifeguard - applicants should include background qualifications).

- e. Documentation:

- (1) Active CIL Officers - application letter/memo as soon as possible and completed CF 2027 Report of Physical Examination must be submitted by 1 April 75.
 - (2) Supp List Officers - application letter/memo as soon as possible; completed CF 2027 Report of Physical Examination and completed CF 758 Change of Status Form must be submitted by 1 April 75.
- (It is hoped that all positions will be confirmed by 1 April 75).

- f. Over 1600 cadets participated in various training courses in IACC 74. To afford the same number of cadets the opportunity to attend IACC 75, the manning slate must be filled. Unit Commanding Officers, therefore, are requested to assist with this recruiting drive by encouraging their staffs to apply for positions.
- g. There will also be a requirement for a number of cadet callouts (including female) and this will be published in due course. In the meantime, suitably mature and responsible cadets should be identified by unit officers and ready to respond when the call is made.
- h. The Commanding Officer of IACC 75 will again be LCol J. Knox and the Senior Staff Officer will again be Maj F. Golding.

SUMMER CAMP STAFF RECRUITING - OTHER CAMPS

3. a. Detailed staff requirements for other camps and Student Summer Employment and Activity Projects (SSEAP) will be promulgated in the near future. For information, however, the following major activities are scheduled and OPIs delegated.

<u>Camps</u>	<u>OPI</u>
Trenton Air Cadet Camp	SO Cadets-4, CFB Trenton
Cadet Summer Training School	SO Cadets-5, CFB Downsview
<u>SSEAP</u>	<u>OPI</u>
Glider Pilot Training School	SO Cadets-4, CFB Trenton
HMCS HAIDA (tentative)	to be designated

- b. While details of manning slates are being completed, applications for employment may be forwarded at any time to the appropriate OPI. Applicants will be required to forward completed CF 2027 Report of Physical Examination (except glider instructors who must possess valid MOT pilot's licence) and, for personnel on the Supp List, only a completed CF 758 Change of Status Form by 1 Apr 75.

CADET STRENGTHS AND ENROLMENT QUOTAS - 1975

4. a. NDHQ has recently promulgated the 1975 regional ceilings for cadets. Of the overall national ceiling of 71,500 cadets, Central Region has been allocated the following ceilings by element:

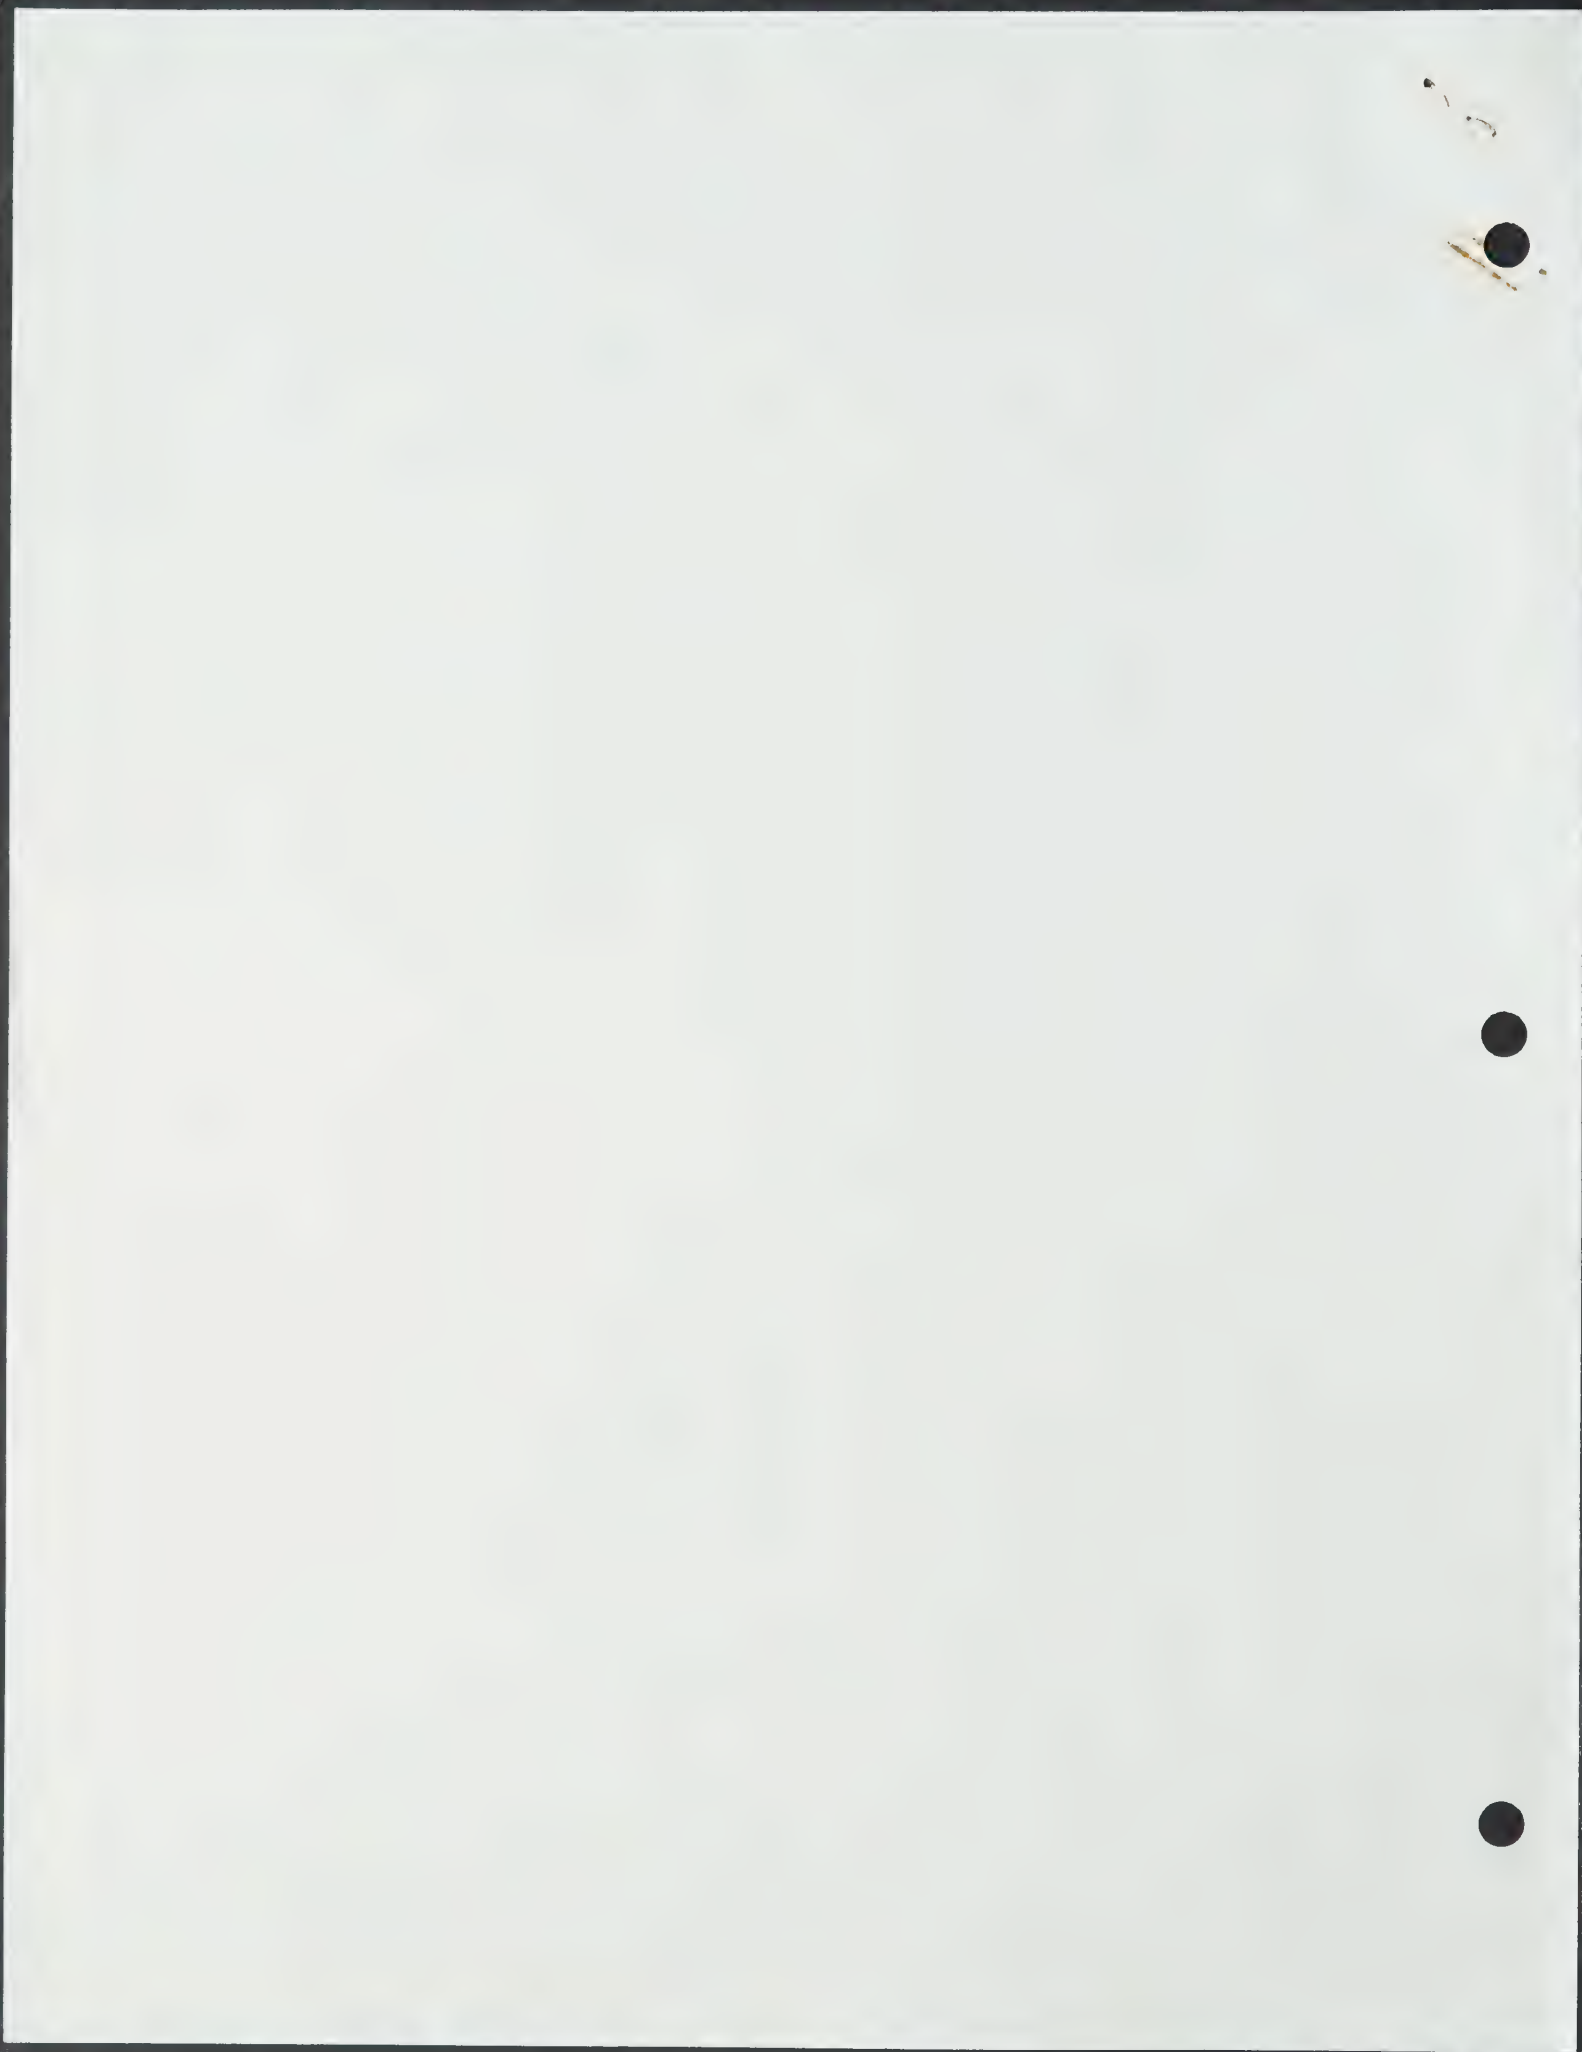

Sea	- 2,550
Land	- 10,500
Air	- 5,100
- b. It is to be noted that these ceilings include both male and female cadets on the assumption that authority to enrol female cadets will be approved this year. As a result of this, the 1975 quotas - which will be based on the 31 Jan 75 strength returns - will be adjusted to provide for female cadets. Where the adjustments provide numbers which would raise the Authorized Unit Strength (CF40 49-6 Annex F) thereby indicating an increase in the paid establishment of CIL Officers, that increase will not be approved or implemented until such time as actual attendance figures substantiate the validity of the quota.
- c. This information is for planning purposes only and is not to be interpreted as authority to enrol female cadets. That authority cannot be granted until the National Defence Act has been amended.

ENROLMENT AGE - CADETS

5. a. A new policy with regard to enrolment age has just been promulgated by NDHQ. Under this policy, a 12-year old candidate may be enrolled between 1 Sep and 31 Dec provided that he will reach his 13th birthday on or before 31 Dec of that year.
- b. It is evident from the above that NO 12-year olds are to be enrolled now or at any time prior to 1 Sep 75. Because of legal implications, Unit COs are to ensure that there are no exceptions to this policy.

SUMMER CAMP TRAINING IN DIFFERENT ENVIRONMENT - CADETS

6. a. A limited number of cadets may be considered for training in an environment other than their own. The criteria for consideration at ATCHQ will be severe and each application will be considered separately and on its own merits. Basically:
